DECLARATION OF UNDERSTANDING

Invacare and Alber would like to bring to your attention that using the e-pilot with a speed of 10/20km/h in road traffic may not be permitted in certain countries, in which case it may only be used on private land.

In the absence of approval and in accordance with Road Traffic Laws, the e-pilot variants with speeds of 10/20km/h may not be driven on public roads or cycle ways. Please check your country specific legislation about the use and insurance of the e-pilot 10/20km/h speed version.

If you would like to use the e-pilot in another country, you must first obtain information about the regulations and legislations within that country.

When placing your order, please sign below to confirm that you have understood this information and that we should deliver the e-pilot 10km/h version with the possibility of adjusting the setting to 20km/h.

By signing this declaration, you also undertake responsibility of informing any third party of these terms when/if selling the e-pilot system onwards.

I hereby confirm, that I am aware of these circumstances and that I will strictly abide by the country specific legislation.
