Date: November 2019

# Streamlining of Invacare's mattress cover range

In order to optimise our service to our customers, Invacare has undertaken a review of its mattress cover fabrics. As a result, a number of colour options will be streamlined. Consequently, Invacare's standard Fuscia cover colour option will now change to Baltic Blue with immediate effect.

Please note that the technical characteristics of the fabric and associated performance remains identical.

Products affected by this change are listed below:

- Softform Premier in standard fabric (non SRT)
- Softform Premier Visco in standard fabric (non SRT)
- Softform Premier MaxiGlide in standard fabric (non SRT)

**Baltic Blue**

**Fuscia**

This change does not affect fabrics that feature 'Strikethrough Resistant Technology' (SRT).

If you require any additional information, please contact Customer Services on 01 810 7084 or your local Product Specialist Ciaran McPhillips on 087 9438 811.
