

Yes, you can.[®]

Invacare[®] **Harrier XHD**

Power and strength

The Invacare[®] **Harrier XHD** is a sturdy well designed heavy duty chair offering reliability and durability for the active user. With all the features you expect from, the **Harrier XHD** offers comfort and support for day long use.

Comfort and Security

The *Invacare® Harrier XHD* is a classic powered wheelchair with many features as standard such as firm upholstery, adjustable armrests and puncture proof tyres. With two 50 Ah batteries you can be assured that the *Harrier XHD* has the extra power and strength to cope efficiently outdoors. The controller provides fingertip control and is easy to use – even for those with little strength in their hands. More specialist controllers are available as options such as attendant control, dual control and remote control.

Travel in style!

The *Harrier XHD* features the Padded seating system with firm back and deep padded seat providing a fully supportive and comfortable sitting environment for day long use. With a range of options and accessories the *Harrier XHD* provides a very flexible power chair with a carrying capacity of up to 160 kg. Simply plug into any household mains supply to recharge the batteries.

Options

Firm upholstery

A fully padded seat and backrest offer additional support and day-long comfort.

Padded side guards

Offer extra comfort and support.

Swing away footrests

Offer easier access to the front of the chair when getting in and out.
